

Megan Truesdail
My garden

I drew a lot of fruits and vegetables in my garden. I drew strawberries, watermelon, carrots, tomatoes, green beans, blueberries, and also sunflowers. Did you know that you can eat the seeds of sunflowers? I love to eat fresh tomatoes and green beans.

I drew raised beds, because I have raised beds in my gardens. I put straw on the soil under my tomato plants because it keeps weeds from growing. I planted orange and purple carrots. I planted red and purple tomatoes. I love apples and I have an apple tree in my garden.

Can you find my cat, Mila? My cat Mila loves to lay outside in the sun. She also loves to eat watermelon. She is sitting next to the watermelon plants.

I drew a greenhouse. You can grow plants in a greenhouse even if it is cold outside. I drew a greenhouse because I want to plant lettuce in the winter.
